

Printing Instructions for Pantry Organization Labels (Avery 22806)

Materials Needed:

- Avery 22806 Pantry Organization Labels
- Printer (preferably high-quality inkjet or laser)
- Computer with internet access

Instructions:

1. Prepare Your Design:

- Open your design file for the Avery 22806 labels on your computer.
- Ensure the design fits within the label dimensions.

2. Load Labels into Printer:

- Open the label sheet package and load the Avery 22806 label sheets into your printer's paper tray.
- Make sure the labels are aligned correctly with your printer's paper feed.

3. Print Your Labels:

- Go to your design file and select Print.
- In the print settings, choose your printer and ensure the paper type is set to Labels or Glossy Paper if available.
- Select the correct label template for Avery 22806 if your printer or design software has it.
- Print a test page on regular paper to ensure alignment.

4. Check and Print:

- Once you are satisfied with the test print, print your labels on the Avery 22806 sheets.
- Allow the labels to dry completely before handling to avoid smudging.

5. Apply Labels:

- Carefully peel off the labels and apply them to your pantry containers as needed.

*****If you're unsatisfied with your test print, try printing on full label sticker sheets and cutting them with a paper cutter for improved results.*****
