Printing Instructions for Household Organizational Labels (Avery 22806)

Materials Needed:

- Avery 22806 Household Organizational Labels
- Printer (preferably high-quality inkjet or laser)
- Computer with internet access

Instructions:

1. **Prepare Your Design:**

   o Open your design file for the Avery 22806 labels on your computer.

   o Ensure the design fits within the label dimensions.

2. **Load Labels into Printer:**

   o Open the label sheet package and load the Avery 22806 label sheets into your printer's paper tray.

   o Ensure the labels are aligned correctly with your printer's paper feed.

3. **Print Your Labels:**

   o Go to your design file and select Print.

   o In the print settings, choose your printer and ensure the paper type is set to Labels or Glossy Paper if available.

   o Select the correct label template for Avery 22806 if your printer or design software has it.

   o Print a test page on regular paper to ensure alignment.

4. **Check and Print:**

   o Once you are satisfied with the test print, print your labels on the Avery 22806 sheets.

   o Allow the labels to dry completely before handling to avoid smudging.

5. **Apply Labels:**

   o Carefully peel off the labels and apply them to your household items as needed.

If you're unsatisfied with your test print, try printing on full label sticker sheets and cutting them with a paper cutter for improved results.
